

EHS Policy

Having always abode by fundamental aims of energy conservation, consumption reduction, pollution mitigation, efficiency increase, people first, pollution prevention and continuous improvement and constantly improved its own EHS behavior, YOFC hereby makes a solemn commitment of the EHS policy to all the staff and the whole society:

YOFC will continuously improve its own EHS behavior and observe disciplines and laws to prevent and minimize the negative impact on the environment and humans. Energy conservation and consumption reduction shall be emphasized during manufacturing of optical fibres and cables to achieve minimum resource consumption and standard emission; and avoid personal diseases and injuries caused by hazardous chemicals, special equipment and noise. EHS trainings shall be provided for the staff and the EHS pressure shall be special equipment and noise. EHS trainings shall be provided for the staff and the EHS pressure shall be exerted to the stakeholders to improve the EHS awareness, strive to create harmonious and healthy production and working environments and provide clean and environmentally-friendly optic fibres and cables for the society.
